BENEFITING: Construction of the new Connecticut Fisher House

FISHER HOUSE

Fisher House Foundation is best known for its network of over 70 comfort homes where military and Veterans' families can stay at no cost while a loved one is receiving treatment. Located at major military and VA medical centers nationwide and around the world, Fisher Houses have up to 21 suites with private bedrooms and baths, and offer a common kitchen area, a warm dining room, laundry facilities, and an inviting living room for guest families to share. Fisher House Foundation ensures that there is never a lodging fee for use of any Fisher House.

Fisher House Foundation also operates the **Hero Miles** program, which uses donated frequent flyer miles to bring family members to the bedsides of injured service members. To date, over 58,000 airline tickets have been provided through Hero Miles, saving service members and their families an estimated \$88 million.

The funds raised from the 2017 Fisher House Golf Classic will help fund construction of the new **Connecticut Fisher House**. The VA Connecticut Healthcare System, West Haven campus is one of the top-rated VA hospitals in the country, serving more than 59,000 Veterans annually from Connecticut and surrounding states.

The extensive use of the medical center by Veterans is why the West Haven Fisher House is essential. The new house will relieve the burden of costly hotel stays on families and allow them to focus on what is really important: being there for loved ones when they need it most.
